AKOUSTIS TECHNOLOGIES, INC.

Prospectus

5,028,291 Shares of Common Stock for sale by the Selling Stockholders

This prospectus relates to the sale or other disposition from time to time of up to 5,028,291 shares (the “Shares”) of common stock, par value \$0.001 per share (“Common Stock”), by the persons described in this prospectus, whom we call the “Selling Stockholders,” identified in the section of this prospectus entitled “Selling Stockholders,” or their transferees.

5,000,000 of the Shares (the “Note Shares”) represent shares that may be issued, at our election, as payment of accrued interest on our 6.0% Convertible Senior Notes due 2027 (the “Notes”), as make-whole payments made in connection with certain conversions of the Notes or as payments made in connection with qualifying fundamental changes of Akoustis Technologies, Inc. (the “Company”) which exceed the estimate of shares of Common Stock that that were included for such purpose in the Company’s previously filed Registration Statement on Form S-3 (File No. 333-267394). We are registering the Note Shares as required by the terms of the registration rights agreement among the purchasers of the Notes (the “Selling Noteholders”), us, and the guarantor party thereto, for the benefit of the Selling Noteholders.

The registration of the Shares does not mean that the Selling Stockholders will actually offer or sell any of the Shares. We will not receive any of the proceeds from the sale or other disposition of such securities offered by the Selling Stockholders.

The Shares may be sold by the Selling Stockholders from time to time in the open market, through privately negotiated transactions or a combination of these methods, at market prices prevailing at the time of sale or at negotiated prices. We will not receive any proceeds from the sale of the Shares by the Security Holders. We will bear all expenses of registration incurred in connection with this offering, but all selling and other expenses incurred by the Selling Stockholders will be borne by them.

Our Common Stock is traded on the Nasdaq Capital Market (“Nasdaq”) under the symbol “AKTS.” On May 21, 2024, the last reported sale price for our Common Stock was \$0.1377 per share.

Our business and an investment in our securities involve a high degree of risk. Before making any investment in our securities, you should read and carefully consider risks described in the “Risk Factors” section beginning on page 7 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

This prospectus is dated May 21, 2024.

You should rely only on the information contained in this prospectus. We have not authorized any other person to provide you with information that is different from that contained in this prospectus. If anyone provides you with different or inconsistent information, you should not rely on it. We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. The Selling Stockholders are offering to sell and seeking offers to buy the Shares only in jurisdictions where offers and sales are permitted. You should assume that the information contained in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or of any sale of our Securities. Our business, financial condition, results of operations and prospects may have changed since that date. We are not making an offer of any Shares in any jurisdiction where the offer is not permitted.

The following summary highlights information contained elsewhere in this prospectus. This summary is not complete and does not contain all of the information that should be considered before investing in our securities. Potential investors should read the entire prospectus carefully, including the more detailed information regarding our business provided in our Annual Report on Form 10-K for the fiscal year ended June 30, 2023 and our subsequently filed Quarterly Reports on Form 10-Q, which are incorporated herein by reference, the risks of purchasing our Shares discussed under the “Risk Factors” section, and our financial statements and the accompanying notes to the financial statements incorporated herein by reference.

Unless the context indicates or requires otherwise, all references in this registration statement to “Akoustis Technologies,” “Akoustis,” the “Company,” “we,” “us” and “our” refer to Akoustis Technologies, Inc. and its wholly owned consolidated subsidiary, Akoustis, Inc., each a Delaware corporation.

This prospectus includes the trademarks of Akoustis, Inc., Akoustis™ and XBAW™. All references to Akoustis and XBAW in this prospectus are intended to include reference to such trademarks.

Our Company

Akoustis® is an emerging commercial product company focused on developing, designing, and manufacturing innovative RF filter solutions for the wireless industry, including for products such as smartphones and tablets, network infrastructure equipment, Wi-Fi Customer Premise Equipment (“CPE”) and defense applications. Filters are critical in selecting and rejecting signals, and their performance enables differentiation in the modules defining the RF front-end (“RFFE”). Located between the device’s antenna and its digital backend, the RFFE is the circuitry that performs the analog signal processing and contains components such as amplifiers, filters and switches. We have developed a proprietary microelectromechanical system (“MEMS”) based bulk acoustic wave (“BAW”) technology and a unique manufacturing process flow, called “XBAW®”, for our filters produced for use in RFFE modules. Our XBAW® filters incorporate optimized high purity piezoelectric materials for high power, high frequency and wide bandwidth operation. We are developing RF filters for 5G, Wi-Fi and defense bands using our proprietary resonator device models and product design kits (“PDKs”). As we qualify our RF filter products, we are engaging with target customers to evaluate our filter solutions. Our initial designs target UHB, sub 7 GHz 5G, Wi-Fi and defense bands. We expect our filter solutions will address problems (such as loss, bandwidth, power handling, and isolation) created by the growing number of frequency bands in the RFFE of mobile devices, infrastructure and premise equipment to support 5G, and Wi-Fi. We have prototyped, sampled and begun commercial shipment of our single-band low loss BAW filter designs for 5G frequency bands and 5 GHz and 6 GHz Wi-Fi bands which are suited to competitive BAW solutions and historically cannot be addressed with low-band, lower power handling surface acoustic wave (“SAW”) technology. Additionally, through our wholly owned subsidiary, RFMi, we operate a fabless business whereby we make sales of complementary SAW resonators, RF filters, crystal (“Xtal”) resonators and oscillators, and ceramic products—addressing opportunities in multiple end markets, such as automotive and industrial applications. We also offer back end semiconductor supply chain services through our wholly owned subsidiary, Grinding & Dicing Services, Inc. (“GDSI”), which we acquired in January 2023.

We own and/or have filed applications for patents on the core resonator device technology, manufacturing facility and intellectual property (“IP”) necessary to produce our RF filter chips and operate as a “pure-play” RF filter supplier, providing discrete filter solutions direct to Original Equipment Manufacturers (“OEMs”) and aligning with the front- end module manufacturers that seek to acquire high performance filters to expand their module businesses. We believe this business model is the most direct and efficient means of delivering our solutions to the market.

1

Technology. Our device technology is based upon bulk-mode acoustic resonance, which we believe is superior to surface-mode resonance for high-band and ultra-high- band (“UHB”) applications that include 4G/LTE, 5G, Wi-Fi, and defense applications. Although some of our target customers utilize or manufacture the RFFE module, they may lack access to critical UHB filter technology that we produce, which is necessary to compete in high frequency applications.

Manufacturing. We currently manufacture Akoustis’ high-performance RF filter circuits, using our first generation XBAW® wafer process, in our 125,000-square foot wafer-manufacturing facility located in Canandaigua, New York (the “NY Facility”), which we acquired in June 2017. Our SAW-based RF filter products are manufactured by a third party and sold either directly or through a sales distributor.

Intellectual Property. As of May 1, 2024, our IP portfolio included 103 patents, including a blocking patent that we have licensed from Cornell University. Additionally, as of May 1, 2024, we have 79 pending patent applications. These patents cover our XBAW® RF filter technology from raw materials through the system architectures. Given the significance of the Company’s intellectual property to its business, the Company enforces its intellectual property rights and protects its patent portfolio, which may include filing lawsuits against companies that the Company believes are infringing upon its patents. The Company considers protecting its intellectual property rights to be central to its business model and competitive position in the RF filter industry.

Plan of Operation

By designing, manufacturing, and marketing our RF filter products to mobile phone OEMs, defense OEMs, network infrastructure OEMs, and Wi-Fi CPE OEMs, we seek to enable broader competition among the front-end module manufacturers.

Since we own and/or have filed applications for patents on the core technology and control access to our intellectual property, we expect to offer several ways to engage with potential customers. First, we intend to engage with multiple wireless markets, providing standardized filters that we design and offer as standard catalog components. Second, we expect to deliver unique filters to customer-supplied specifications, which we will design and fabricate on a customized basis. Finally, we may offer our models and design kits for our customers to design their own filters utilizing our proprietary technology.

We expect to continue to incur substantial costs for commercialization of our technology on a continuous basis because our business model involves materials and solid-state device technology development and engineering of catalog and custom filter design solutions. To succeed across our combined portfolio of Akoustis, XBAW, and RFMi products, we must convince customers in a wide range of industries including mobile phone OEMs, RFFE module manufacturers, network infrastructure OEMs, Wi-Fi CPE OEMs, medical device makers, automotive and defense customers to use our products in their systems and modules. For example, since there are two dominant BAW filter suppliers in the industry that have high-band technology, and both utilize such technology as a competitive advantage at the module level, we expect customers that lack access to high-band filter technology will be open to engage with our company for XBAW filters.

To help drive our XBAW filter business, we plan to continue to pursue RF filter design and R&D development agreements and potentially joint ventures with target customers and other strategic partners, although we cannot guarantee we will be successful in these efforts. These types of arrangements may subsidize technology development costs and qualification, filter design costs, and offer complementary technology and market intelligence and other avenues to revenue. However, we intend to retain ownership of our core XBAW technology, intellectual property, designs, and related improvements. Across our combined portfolio of Akoustis, XBAW, and RFMi products, we expect to continue development of catalog designs for multiple customers and to offer such catalog products in multiple sales channels.

Recent Developments

On May 17, 2024, after a trial in the U.S. District Court for the District of Delaware in the matter of Qorvo Inc. vs. Akoustis Technologies, Inc. DE Case 1:21-cv-01417-JPM (the “Qorvo Litigation”), a jury verdict was entered in favor of plaintiff, Qorvo Inc. (“Qorvo”), and against the Company. Although several of Qorvo’s claims were either withdrawn or dismissed before or during trial, or decided by the jury in the Company’s favor, the jury found that the Company was unjustly enriched by the willful misappropriation of certain Qorvo trade secrets and that certain accused products infringed U.S. Patent Nos. 7,522,018 and 9,735,755. The Company believes that its XBAW products incorporating previously disclosed design updates are not affected by this verdict. The jury awarded Qorvo approximately \$38.6 million in damages. The Company expects to file post-trial motions seeking to overturn the jury’s verdict, obtain a new trial, and/or amend the judgment. Qorvo may seek an award of attorneys’ fees. The Company respectfully disagrees with the jury’s findings and plans to vigorously contest the verdict and judgment through post-trial motions in the district court, and through an appeal to the U.S. Court of Appeals for the Federal Circuit if required.

About This Offering

This prospectus relates to the public offering by the Selling Stockholders listed in this prospectus of up to 4,266,680 shares of Common Stock issuable in respect of the Notes or that are currently held by such Selling Stockholders. The Shares offered by this prospectus may be sold by the Selling Stockholders from time to time in the open market, through negotiated transactions or otherwise at market prices prevailing at the time of sale or at negotiated prices or otherwise as described in the section of this prospectus titled “Plan of Distribution.” We will receive no proceeds from the sale of the Shares by the Selling Stockholders or from the issuance of Common Stock in respect of the Notes. We will bear all expenses of registration incurred in connection with this offering, but all selling and other expenses incurred by the Selling Stockholders will be borne by them.

Selected Risks Associated with an Investment in the Shares

An investment in shares of our common stock is highly speculative and is subject to numerous risks described in the section entitled “Risk Factors” and elsewhere in this prospectus and in the documents incorporated by reference herein. You should carefully consider these risks before making an investment. Some of these risks include:

- We have a history of operating losses and will need to raise significant additional capital to continue our business and operations. Additionally, the trial with respect to Qorvo Inc. vs. Akoustis Technologies, Inc. DE Case 1:21-cv-01417-JPM resulted in the jury awarding Qorvo approximately \$38.6 million in damages. If we are unable to raise capital or secure financing on favorable terms, or at all, in the near term to meet our capital and operating needs, we may be forced to further delay, reduce or eliminate our operating activities, or cease operations and seek protection by filing a voluntary petition for relief under the Bankruptcy Code, which would have a material adverse effect on our business and could cause you to lose all of your investment.
- Our failure to meet the minimum bid price for continued listing on The Nasdaq Capital Market could adversely affect our ability to publicly or privately sell equity securities and the liquidity of our common stock.
- Servicing and repaying the debt represented by the \$44.0 million aggregate principal amount of our 6.0% Convertible Senior Notes due 2027 (the “2027 Notes”) and a \$4.0 million promissory note issued in connection with our acquisition of GDSI will require a significant amount of cash, and we may not have sufficient cash flow from our business to pay our substantial debt.
- You may experience dilution of your ownership interests because of the future issuance of additional shares of our common or preferred stock or other securities that are convertible into or exercisable for our common or preferred stock.
- Our products may not be able to meet the required specifications of customers and achieve qualification for commercial manufacturing in a timely manner.
- Claims of infringement, misappropriation or misuse of third party intellectual property, including the lawsuit filed by Qorvo, Inc. in October 2021, that, regardless of merit, has resulted in significant expense.
- If we are unable to establish effective marketing and sales capabilities or enter into agreements with third parties to market and sell our RF filters, we may not be able to effectively generate product revenues.
- If we fail to obtain, maintain and enforce our intellectual property rights, we may not be able to prevent third parties from using our proprietary technologies and may lose access to technologies critical to our products.

- in addition to the shares covered by this prospectus, up to approximately 9,897,556 shares of common stock registered for issuance upon the conversion of the Notes or additional shares issuable as payment of interest on the 2027 Notes, as make-whole payments made in connection with certain conversions of the Notes or as payments made in connection with qualifying fundamental changes of the Company.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION

This prospectus and documents we have filed with the SEC that are incorporated by reference herein and therein contain forward-looking statements that relate to our plans, objectives, estimates, and goals within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, from time to time we or our representatives have made or will make forward-looking statements in various other filings that we make with the U.S. Securities and Exchange Commission (the “SEC”) or in other documents, including press releases or other similar announcements. Any and all statements contained in this prospectus supplement and the accompanying prospectus that are not statements of historical fact may be deemed to be forward-looking statements. Terms such as “may,” “will,” “might,” “would,” “should,” “could,” “project,” “estimate,” “predict,” “potential,” “strategy,” “anticipate,” “attempt,” “develop,” “plan,” “help,” “seek,” “believe,” “continue,” “intend,” “expect,” “future,” and terms of similar import (including the negative of any of the foregoing) may identify forward-looking statements. However, not all forward-looking statements may contain one or more of these identifying terms. Forward-looking statements in this prospectus and documents we have filed with the SEC that are incorporated by reference herein and therein may include, without limitation, statements regarding (i) the plans and objectives of management for future operations, including plans or objectives relating to the development of commercially viable radio frequency (“RF”) filters, (ii) projections of income (including income/loss), earnings (including earnings/loss) per share, capital expenditures, dividends, capital structure or other financial items, (iii) our future financial performance, including any such statement contained in the management’s discussion and analysis of financial condition or in the results of operations included pursuant to the rules and regulations of the SEC, (iv) our ability to efficiently utilize cash and cash equivalents to support our operations for a given period of time, (v) our ability to engage customers while maintaining ownership of our intellectual property, and (vi) the assumptions underlying or relating to any statement described in (i), (ii), (iii), (iv) or (v) above.

Forward-looking statements are not meant to predict or guarantee actual results, performance, events or circumstances and may not be realized because they are based upon our current projections, plans, objectives, beliefs, expectations, estimates and assumptions and are subject to a number of risks and uncertainties and other influences, many of which are beyond our control. Actual results and the timing of certain events and circumstances may differ materially from those described by the forward-looking statements as a result of these risks and uncertainties. Factors that may influence or contribute to the inaccuracy of the forward-looking statements or cause actual results to differ materially from expected or desired results may include, without limitation:

- our limited operating history;
- our inability to generate revenues or achieve profitability;
- the failure of our common stock to meet the minimum requirements for continued listing on the Nasdaq Capital Market, the impact of a pandemic or epidemic or natural disaster, including the COVID-19 pandemic, the Russian-Ukrainian and Middle East conflicts and other sources of volatility on our operations, financial condition and the worldwide economy, including our ability to access the capital markets;
- increases in prices for raw materials, labor, and fuel caused by rising inflation;
- our inability to obtain adequate financing and sustain our status as a going concern;
- the results of our research and development (“R&D”) activities;
- our inability to achieve acceptance of our products in the market;
- general economic conditions, including upturns and downturns in the industry;
- existing or increased competition;

- our inability to successfully scale our New York wafer fabrication facility and related operations while maintaining quality control and assurance and avoiding delays in output;
- contracting with customers and other parties with greater bargaining power and agreeing to terms and conditions that may adversely affect our business;
- the possibility that the anticipated benefits from business acquisitions will not be realized in full or at all or may take longer to realize than expected;
- the possibility that costs or difficulties related to the integration of acquired businesses’ operations will be greater than expected and the possibility of disruptions to our business during integration efforts and strain on management time and resources;
- risks related to doing business in foreign countries, including rising tensions between the United States and China;
- any cybersecurity breaches or other disruptions compromising our proprietary information and exposing us to liability;
- our limited number of patents;

- failure to obtain, maintain, and enforce our intellectual property rights;
- claims of infringement, misappropriation or misuse of third party intellectual property, including the lawsuit filed by Qorvo, Inc. in October 2021, that, regardless of merit, has resulted in significant expense and a large jury award in favor of Qorvo;
- our inability to attract and retain qualified personnel;
- the outcome of current and any future litigation;
- our reliance on third parties to complete certain processes in connection with the manufacture of our products;
- product quality and defects;
- our inability to successfully manufacture, market and sell products based on our technologies;
- our ability to meet the required specifications of customers and achieve qualification of our products for commercial manufacturing in a timely manner;
- our failure to innovate or adapt to new or emerging technologies, including in relation to our competitors;
- our failure to comply with regulatory requirements;
- stock volatility and illiquidity; our failure to implement our business plans or strategies;
- our failure to maintain effective internal control over financial reporting;
- our failure to obtain or maintain a Trusted Foundry accreditation or our New York fabrication facility; and
- shortages in supplies needed to manufacture our products, or needed by our customers to manufacture devices incorporating our products.

A description of some of the risks and uncertainties that could cause our actual results to differ materially from those described by the forward-looking statements in this prospectus appears in the section captioned “Risk Factors” as well as the risk factors described under the section captioned “Risk Factors” contained in our Annual Report on Form 10-K for our most recent fiscal year (together with any material changes thereto contained in subsequently filed Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) and those contained in our other filings with the SEC, which are incorporated by reference in this prospectus and elsewhere in this prospectus. Readers are cautioned not to place undue reliance on forward-looking statements because of the risks and uncertainties related to them and to the risk factors. The forward-looking statements in this prospectus speak only as of the date hereof and, except as may be required by law, we do not undertake any obligation to update the forward-looking statements contained in this prospectus to reflect any new information or future events or circumstances or otherwise.

RISK FACTORS

Investing in our securities involves a high degree of risk. Before purchasing our Shares, you should read and consider carefully the risk factors described under the section captioned “Risk Factors” contained in our Annual Report on Form 10-K for our most recent fiscal year (together with any material changes thereto contained in subsequently filed Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) and those contained in our other filings with the SEC, which are incorporated by reference in this prospectus supplement and the accompanying prospectus, together with the other information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus, including our consolidated financial statements and the related notes. Each of these risk factors, either alone or taken together, could adversely affect our business, operating results and financial condition, as well as adversely affect the value of an investment in our Shares. There may be additional risks that we do not presently know of or that we currently believe are immaterial, which could also impair our business and financial position. If any of the events described in the risk factors incorporated herein by reference were to occur, our financial condition, our ability to access capital resources, our results of operations and/or our future growth prospects could be materially and adversely affected and the value of our Shares could decline. As a result, you could lose some or all of any investment you may make in our Shares.

SELLING STOCKHOLDERS

This prospectus covers the resale from time to time by the Selling Stockholders identified in the first table below of (i) up to 5,000,000 shares of Common Stock that may be issued, at our election, as payment of accrued interest on the Notes, as make-whole payments made in connection with certain conversions of the Notes or as payments made in connection with qualifying fundamental changes of the Company and (ii) 28,291 outstanding shares of Common Stock held by certain Selling Stockholders.

The Selling Stockholders identified in the table below may from time to time offer and sell under this prospectus any or all of the shares of Common Stock issuable in respect of the Notes or otherwise described under the column “Shares of Common Stock Registered Hereby,” in such table below.

The table below has been prepared based upon the information furnished to us by the Selling Stockholders and/or our transfer agent as of the date of this prospectus. The Selling Stockholders identified below may have sold, transferred or otherwise disposed of some or all of their shares of Common Stock since the date on which the information in the following table is presented. Information concerning the Selling Stockholders may change from time to time and, if necessary, we will amend or supplement this prospectus accordingly. We cannot give an estimate as to the number of shares of Common Stock that will actually be held by the Selling Stockholders upon termination of this offering because the Selling Stockholders may offer some or all of their Common Stock under the offering contemplated by this prospectus or may acquire additional shares of Common Stock. The total number of shares of Common Stock that may be sold hereunder will not exceed the number of shares of Common Stock offered hereby. Please read the section entitled “Plan of Distribution” in this prospectus.

The following table sets forth the name of each Selling Stockholder, the number of shares of our Common Stock beneficially owned by such stockholder before this offering, the aggregate number of shares of Common Stock to be offered for such stockholder’s account and the number and (if one percent or more) the percentage of the class of stock to be beneficially owned by such stockholder after completion of the offering. The number of shares of Common Stock owned are those beneficially owned, as determined under the rules of the SEC, and such information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, the Selling Stockholders’ beneficial ownership includes any shares of our Common Stock as to which a person has sole or shared voting power or investment power and any shares of Common Stock

which the person has the right to acquire within 60 days after May 8, 2024 (as used in this section, the “Determination Date”), through the exercise of any option, warrant or right, through conversion of any security or pursuant to the automatic termination of a power of attorney or revocation of a trust, discretionary account or similar arrangement, and such shares are deemed to be beneficially owned and outstanding for computing the share ownership and percentage of the person holding such options, warrants or other rights, but are not deemed outstanding for computing the percentage of any other person.

Unless otherwise set forth below, based upon the information furnished to us, (a) the persons and entities named in the table have sole voting and sole investment power with respect to the shares set forth opposite the Selling Stockholder’s name, subject to community property laws, where applicable, (b) no Selling Stockholder had any position, office or other material relationship within the past three years with us or with any of our predecessors or affiliates, and (c) no Selling Stockholder is a broker-dealer or an affiliate of a broker-dealer. The number of shares of Common Stock shown as beneficially owned before the offering is based on information furnished to us or otherwise based on information available to us at the timing of the filing of the registration statement of which this prospectus forms a part.

- (1) Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Shares of Common Stock underlying the Notes, as well as options or warrants currently exercisable, or exercisable within 60 days of the Determination Date, are deemed outstanding for purposes of computing the beneficial ownership of the person holding such options or warrants but are not deemed outstanding for computing the beneficial ownership of any other person. Except where we had knowledge of such ownership, the number presented in this column may not include shares held in street name or through other entities over which the selling stockholder has voting and dispositive power. Includes shares issuable upon conversion of the Notes, subject to the Beneficial Ownership Limitation (defined below).
- (2) Assumes the issuance of the maximum number of shares issuable in respect of the Notes (including shares issuable as payment of accrued interest, as make-whole payments, or in connection with qualifying fundamental changes). Pursuant to the terms of the Notes, none of the holders may convert any Notes that it beneficially owns, or receive shares of Common Stock in respect of such Notes, to the extent that such conversions or receipt would result in such holder and its affiliates, together with any other persons whose beneficial ownership would be aggregated for purposes of Section 13(d) of the Exchange Act, beneficially owning in excess of 4.9% of the outstanding shares of our Common Stock (as determined in accordance with Section 13(d) of the Exchange Act) (the “Beneficial Ownership Limitation”). Amounts registered for sale hereby do not give effect to this limitation on conversions and receipt of shares of Common Stock.

- (3) Assumes all of the shares of Common Stock to be registered on the registration statement of which this prospectus is a part are sold in the offering, that shares of Common Stock beneficially owned by the Selling Stockholders but not being offered pursuant to this prospectus (if any) are not sold, and that no additional shares of Common Stock are purchased or otherwise acquired.
- (4) Percentages are based on the 98,669,282 shares of Common Stock issued and outstanding as of the Determination Date. Shares of our Common Stock subject to options, warrants or conversion rights that are currently exercisable or convertible, or exercisable or convertible within 60 days of the Determination Date, are deemed to be outstanding for the purpose of computing the percentage ownership of the person holding those options, warrants or conversion rights, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.
- (5) UBS Asset Management (Americas) LLC (“UBS Asset Management”) is the investment manager of Nineteen77 Global Multi-Strategy Alpha Master Limited (“Nineteen77”) and accordingly has voting control and investment discretion over the securities described herein held by Nineteen77. Blake Hiltabrand (“Mr. Hiltabrand”), the Chief Investment Officer of UBS Asset Management, also has voting control and investment discretion over the securities described herein held by Nineteen77. As a result, each of UBS Asset Management and Mr. Hiltabrand may be deemed to have beneficial ownership (as determined under Section 13(d) of the Securities Exchange Act of 1934, as amended) of the securities described herein held by Nineteen77.
- (6) Represents shares of Common Stock issuable in respect of the Notes as payment of accrued interest, as make-whole payments, or in connection with qualifying fundamental changes that exceed the estimate of shares of Common Stock so issuable that that were included in the Company’s previously filed Registration Statement on Form S-3 (File No. 333-267394).
- (7) Voting or investment control over the securities held by Blackwell Partners LLC - Series B is held by Elliot Bossen (“Mr. Bossen”), CEO of Silverback Asset Management, trading advisor of Blackwell Partners LLC - Series B.
- (8) Voting or investment control over the securities held by Silverback Convertible Master Fund Limited is held by Mr. Bossen, CEO of Silverback Asset Management, trading advisor of Silverback Convertible Master Fund Limited.
- (9) Voting or investment control over the securities held by Silverback Opportunities Credit Master Fund Limited is held by Mr. Bossen, CEO of Silverback Asset Management, trading advisor of Silverback Opportunities Credit Master Fund Limited.

USE OF PROCEEDS

We will not receive proceeds from sales Common Stock made under this prospectus by the Selling Stockholders, or any proceeds from the issuance of Common Stock in respect of the Notes.

DETERMINATION OF OFFERING PRICE

The Selling Stockholders will determine at what price they may sell the offered Shares, and such sales may be made at prevailing market prices or at privately negotiated prices. See “Plan of Distribution” below for more information.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS TO NON-U.S. HOLDERS

The following discussion is a summary of certain material U.S. federal income tax considerations relevant to Non-U.S. Holders (as defined below) relating to the purchase, ownership and disposition of our common stock issued pursuant to this offering. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended, or the “Code,” Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service, or the “IRS,” in each case in effect as of the date hereof. These authorities may change or be subject to differing interpretations that may be applied retroactively in a manner that could adversely affect a Non-U.S. Holder of our common stock. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS or a court will not take a contrary position to that discussed below regarding the U.S. federal income tax consequences of the purchase, ownership and disposition of our common stock.

This discussion is limited to Non-U.S. Holders that hold our common stock as a “capital asset” within the meaning of the Code (generally, property held for investment). This discussion does not purport to be a complete analysis of all potential tax consequences and does not address the effects of other U.S. federal tax laws, such as the U.S. estate and gift tax laws, and any applicable state, local or non-U.S. tax laws or tax treaties. This summary does not address all U.S. federal income tax consequences relevant to a Non-U.S. Holder’s particular circumstances, including the impact of the Medicare contribution tax on net investment income. In addition, it does not address consequences relevant to Non-U.S. Holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- persons subject to the alternative minimum tax;
- persons holding our common stock as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment or who have elected to mark securities to market;
- banks, thrifts, regulated investment companies, real estate investment trusts, insurance companies and other financial institutions;
- brokers, dealers or traders in securities or currencies;
- “controlled foreign corporations” or “passive foreign investment companies”;
- partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and partners therein);
- tax-exempt entities, organizations or arrangements, or governmental organizations (or controlled entities thereof);
- persons deemed to sell our common stock under the constructive sale provisions of the Code;

- persons who hold or receive our common stock pursuant to the exercise of any option, warrant, or similar derivative security or otherwise as compensation;
- persons who hold our common stock and have a function currency other than the U.S. dollar;
- persons who hold our common stock required to accelerate the recognition of any item of gross income with respect to such security, as a result of such income being recognized on an applicable financial statement; and
- tax-deferred or other retirement accounts and pension plans.

If an entity or arrangement treated as a partnership or other entities or arrangements that are pass-through entity for U.S. federal income tax purposes holds our common stock, the tax treatment of such partnership or pass-through entity and a partner of the partnership or owner of the pass-through entity will depend on the activities of the partnership or pass-through entity and certain determinations made at the partner or owner level, respectively. Accordingly, partnerships and pass-through entities holding our common stock and the partners or owners in such partnerships or pass-through entities, respectively, should consult their tax advisors regarding the U.S. federal income tax consequences to them in connection with the purchase, ownership and disposition of our common stock.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND DOES NOT CONSTITUTE TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF OUR COMMON STOCK ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

Definition of a Non-U.S. Holder

For purposes of this discussion, a “Non-U.S. Holder” is any beneficial owner of our common stock that is neither a “U.S. person” nor an entity treated as a partnership for U.S. federal income tax purposes. A U.S. person is any person that, for U.S. federal income tax purposes, is or is treated as any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation or other entity treated as a corporation that is created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (i) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (ii) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

Distributions

We do not currently intend to pay any cash dividends on our common stock in the foreseeable future. However, if we make distributions of cash or property on our common stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Amounts not treated as dividends for U.S. federal income tax purposes will constitute a return of capital and first be applied against and reduce a Non-U.S. Holder’s adjusted tax basis in its common stock, but not below zero. Any excess will be treated as capital gain and will be treated as described below under “—Sale or Other Taxable Disposition.”

Subject to the discussions below on effectively connected income, backup withholding and the Foreign Account Tax Compliance Act (“FATCA”), dividends paid to a Non-U.S. Holder of our common stock will be subject to U.S. federal withholding tax at a rate of 30% of the gross amount of the dividends (or such lower rate specified by an applicable income tax treaty, provided the Non-U.S. Holder furnishes a valid IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) certifying qualification for the lower treaty rate). A Non-U.S. Holder that does not timely furnish the required documentation, but that qualifies for a reduced treaty rate, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

If dividends paid to a Non-U.S. Holder are effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment or fixed base in the United States to which such dividends are attributable), the Non-U.S. Holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the Non-U.S. Holder must furnish to the applicable withholding agent a valid IRS Form W-8ECI (or applicable successor form or other applicable documentation), certifying that the dividends are effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States.

Any such effectively connected dividends will be subject to U.S. federal income tax on a net income basis at the regular graduated rates. A Non-U.S. Holder that is a corporation also may be subject to an additional branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected dividends, as adjusted for certain items. Non-U.S. Holders should consult their tax advisors regarding any applicable tax treaties that may provide for different rules.

Sale or Other Taxable Disposition

Subject to the discussions below regarding backup withholding and FATCA, a Non-U.S. Holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other taxable disposition of our common stock unless:

- the gain is effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment or fixed base in the United States to which such gain is attributable);

- the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met; or
- our common stock constitutes a U.S. real property interest, or USRPI, by reason of our status as a U.S. real property holding corporation, or USRPHC, for U.S. federal income tax purposes.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular graduated rates. A Non-U.S. Holder that is a corporation also may be subject to an additional branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

Gain described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S.-source capital losses of the Non-U.S. Holder (even though the individual is not considered a resident of the United States), provided the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses.

With respect to the third bullet point above, we believe we currently are not, and do not anticipate becoming, a USRPHC. Because the determination of whether we are a USRPHC depends, however, on the fair market value of our USRPIs relative to the fair market value of our non-USRPIs and our other business assets, there can be no assurance we currently are not a USRPHC or will not become one in the future. Even if we are or were to become a USRPHC, gain arising from the sale or other taxable disposition by a Non-U.S. Holder of our common stock will not be subject to U.S. federal income tax if our common stock is considered “regularly traded,” as defined by applicable Treasury Regulations, on an established securities market, and such Non-U.S. Holder owned, actually or constructively, 5% or less of our common stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the Non-U.S. Holder’s holding period. If we are a USRPHC and either our common stock is not regularly traded on an established securities market or a Non-U.S. Holder holds more than 5% of our common stock, actually or constructively, during the applicable period, such Non-U.S. Holder will generally be taxed on any gain in the same manner as gain that is effectively connected with the conduct of a U.S. trade or business, except that the branch profits tax generally will not apply. No assurance can be provided that our common stock will be regularly traded on an established securities market for purposes of the rule described above.

Non-U.S. Holders should consult their tax advisors regarding potentially applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

Payments of dividends on our common stock will not be subject to backup withholding at the applicable rate (currently, 24%), provided the applicable withholding agent does not have actual knowledge or reason to know the holder is a U.S. person and the holder either certifies its non-U.S. status, such as by furnishing a valid IRS Form W-8BEN, W-8BEN-E or W-8ECI, or otherwise establishes an exemption. However, information returns are required to be filed with the IRS in connection with any dividends on our common stock paid to a Non-U.S. Holder, regardless of whether any tax was actually withheld. In addition, proceeds from the sale or other taxable disposition of our common stock within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting, if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person, or the holder otherwise establishes an exemption. Proceeds of a disposition of our common stock conducted through a non-U.S. office of a non-U.S. broker that does not have certain enumerated relationships with the United States generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

FATCA

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such Sections commonly referred to as FATCA) on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on, or gross proceeds from the sale or other disposition of, our common stock paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (i) the foreign financial institution undertakes certain diligence and reporting obligations, (ii) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (i) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States-owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, these withholding requirements generally currently apply to payments of dividends on our common stock. Although withholding under FATCA would have applied to payments of gross proceeds from the taxable disposition of our common stock on or after January 1, 2019, proposed regulations from the U.S. Department of the Treasury eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on those proposed regulations until final regulations are issued, such that this withholding tax currently will not apply to the gross proceeds from the sale or other disposition of our common stock.

Prospective investors should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in our common stock.

PLAN OF DISTRIBUTION

The Selling Stockholders may, from time to time, sell any or all of their Shares on any stock exchange, market or trading facility on which the Shares are traded or in private transactions. If the Shares are sold through underwriters, the Selling Stockholders will be responsible for underwriting discounts or commissions or agent's commissions. These sales may be at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale or at negotiated prices. The Selling Stockholders may use any one or more of the following methods when selling the Shares:

- any national securities exchange or quotation service on which the Shares may be listed or quoted at the time of sale;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the Shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- transactions other than on these exchanges or systems or in the over-the-counter market;
- through the writing of options, whether such options are listed on an options exchange or otherwise;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales;
- broker-dealers may agree with the Selling Stockholders to sell a specified number of such Shares at a stipulated price;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell Shares under Rule 144 under the Securities Act, if available, rather than under this prospectus, or they may engage in short sales against the box, puts and calls and other transactions in our securities or derivatives of our securities and may sell or deliver shares in connection with these trades.

Broker-dealers engaged by the Selling Stockholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of Securities, from the purchaser) in amounts to be negotiated. The Selling Stockholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved. Any profits on the resale of Shares by a broker-dealer acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any,

attributable to the sale of Shares will be borne by a Selling Stockholders. Any Selling Security Holder may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares if liabilities are imposed on that person under the Securities Act.

In connection with the sale of the Shares or otherwise, the Selling Stockholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the Shares in the course of hedging in positions they assume. The Selling Stockholders may also sell Shares short and deliver Shares covered by this prospectus to close out short positions and to return borrowed Shares in connection with such short sales. The Selling Stockholders may also loan or pledge Shares to broker-dealers that in turn may sell such Shares.

The Selling Stockholders may from time to time pledge or grant a security interest in some or all of the Shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the Shares from time to time under this prospectus after we have filed an amendment to this prospectus under Rule 424 or other applicable provision of the Securities Act amending the list of Selling Stockholders to include the pledgee, transferee or other successors in interest as a Selling Stockholder under this prospectus.

The Selling Stockholders also may transfer the Shares in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the Shares from time to time under this prospectus after we have filed an amendment to this prospectus under Rule 424 or other applicable provision of the Securities Act amending the list of Selling Stockholders to include the pledgees, transferees or other successors in interest as a Security Holder under this prospectus. The Selling Stockholders also may transfer and donate the Shares in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Stockholders and any broker-dealers or agents that are involved in selling the Shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions paid, or any discounts or concessions allowed to, such broker-dealers or agents and any profit realized on the resale of the Shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the Shares is made, a prospectus supplement, if required, will be distributed, which will set forth the aggregate amount of Shares being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the Selling Stockholders, as applicable, and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers. Under the securities laws of some states, the Shares may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the Shares may not be sold unless such securities have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with. There can be no assurance that any Selling Stockholders will sell any or all of the Shares registered pursuant to the registration statement of which this prospectus forms a part.

Each Selling Security Holder has informed us that it does not have any agreement or understanding, directly or indirectly, with any person to distribute the Shares. Based on information provided to us, none of the Selling Stockholders are broker-dealers or affiliates of broker-dealers.

We are paying all fees and expenses incident to the registration of the Shares. Except with respect to indemnification of the Selling Noteholders pursuant to the Registration Rights Agreement entered into in connection with the Notes offering, we are not obligated to pay any of the expenses of any attorney or other advisor engaged by a Selling Stockholder. We have agreed to indemnify the Selling Noteholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

If we are notified by any Selling Stockholder that any material arrangement has been entered into with a broker-dealer for the sale of Shares, we will file a post-effective amendment to the registration statement. If the Selling Stockholders use this prospectus for any sale of the Shares, they will be subject to the prospectus delivery requirements of the Securities Act.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of the Shares and activities of the Selling Stockholders, which may limit the timing of purchases and sales of any of the Shares by the Selling Stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the Shares to engage in passive market-making activities with respect to the Shares. Passive market making involves transactions in which a market maker acts as both our underwriter and as a purchaser of the Shares in the secondary market. All of the foregoing may affect the marketability of the Shares and the ability of any person or entity to engage in market-making activities with respect to the Shares.

Once sold under the registration statement of which this prospectus forms a part, the Shares will be freely tradable in the hands of persons other than our affiliates.

LEGAL MATTERS

The validity of the Shares offered hereby will be passed upon for us by K&L Gates LLP, Charlotte, North Carolina.
