FORWARD-LOOKING STATEMENTS

This annual report contains forward-looking statements. These statements relate to future events or our future financial performance. These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We intend that such forward-looking statements be subject to the safe harbors for such statements. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

GENERAL

Danlax, Corp. was incorporated in the State of Nevada on April 10, 2013 and established a fiscal year end of July 31. We do not have revenues, have minimal assets and have incurred losses since inception. We are a development-stage company formed to develop and sell mobile games for the Apple and Android platforms. We have recently started our operation. As of today, we have developed our business plan and developed concepts of our first mobile game. We just started to develop a concept for our first mobile game and there is no guarantee that we ever develop this game. We will develop other mobile games when/if our first mobile game is successful and we have available funds for further development.

A mobile game is a video game played on a feature phone, smartphone PDA, tablet computer, portable media player or calculator. Mobile games are played using the technology present on the device itself. For networked games, there are various technologies in common use. Examples include text message (SMS), multimedia message (MMS) or GPS location identification. However, there are non-networked applications that simply use the device platform to run the game software. Mobile games are usually downloaded via the mobile operator's network, but in some cases are also loaded in the mobile handsets when purchased, via infrared connection, Bluetooth, or memory card.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Market Information

There is a limited public market for our common shares. Our common shares are quoted on the OTC Bulletin Board under the symbol "DNLX". Trading in stocks quoted on the OTC Bulletin Board is often thin and is characterized by wide fluctuations in trading prices due to many factors that may be unrelated to a company's operations or business prospects. We cannot assure you that there will be a market in the future for our common stock.

OTC Bulletin Board securities are not listed or traded on the floor of an organized national or regional stock exchange. Instead, OTC Bulletin Board securities transactions are conducted through a telephone and computer network connecting dealers in stocks. OTC Bulletin Board issuers are traditionally smaller companies that do not meet the financial and other listing requirements of a regional or national stock exchange.

Number of Holders

As of October 21, 2014, the 11,740,000 issued and outstanding shares of common stock were held by a total of 30 shareholders of record.

No cash dividends were paid on our shares of common stock during the fiscal years ended July 31, 2014. We have not paid any cash dividends since our inception and do not foresee declaring any cash dividends on our common stock in the foreseeable future.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with our financial statements, including the notes thereto, appearing elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Our audited financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

RESULTS OF OPERATIONS

We have incurred recurring losses to date. Our financial statements have been prepared assuming that we will continue as a going concern and, accordingly, do not include adjustments relating to the recoverability and realization of assets and classification of liabilities that might be necessary should we be unable to continue in operation.

We expect we will require additional capital to meet our long term operating requirements. We expect to raise additional capital through, among other things, the sale of equity or debt securities.

FISCAL YEAR ENDED JULY 31, 2014 COMPARED TO PERIOD APRIL 10, 2013 (DATE OF INCEPTION) TO JULY 31, 2013.

Our net loss for the fiscal year ended July 31, 2014 was \$26,979 compared to a net loss of \$206 for the period April 10, 2013 (Date of Inception) to July 31, 2013. During fiscal year ended July 31, 2014, the Company did not generate any revenue.

During the fiscal year ended July 31, 2014, we incurred professional fees and general and administrative expenses of \$26,979 compared to \$206 in general and administrative expenses incurred during the period April 10, 2013 (Date of Inception) to July 31, 2013.

Expenses incurred during fiscal year ended July 31, 2014 compared to the period April 10, 2013 (Date of Inception) to July 31, 2013 increased primarily due to the increased scale and scope of business operations. General and administrative expenses generally include corporate overhead, financial and administrative contracted services, marketing, and consulting costs.

The weighted average number of shares outstanding was 9,593,479 for the fiscal year ended July 31, 2014 compared to 9,000,000 for the period April 10, 2013 (Date of inception) to July 31, 2013.

LIQUIDITY AND CAPITAL RESOURCES

FISCAL YEAR ENDED JULY 31, 2014

As of July 31, 2014, our current assets were \$9,521 and our total liabilities were \$306. As of July 31, 2014, current assets were comprised of \$9,521 in cash. As of July 31, 2014, total liabilities were comprised of \$306 in advance from related party. As of July 31, 2014, our total assets were \$9,521 comprised entirely of current assets. Stockholders' equity was \$9,215 as of July 31, 2014.

Cash Flows from Operating Activities

We have not generated positive cash flows from operating activities. For the fiscal year ended July 31, 2014, net cash flows used in operating activities was \$26,979 consisting of a net loss of \$26,979. Net cash flows used in operating activities was \$206 for the period from April 10, 2013 (Date of Inception) to July 31, 2013.

Cash Flows from Financing Activities

We have financed our operations primarily from either advancements or the issuance of equity and debt instruments. For the fiscal year ended July 31, 2014 net cash provided by financing activities was \$27,400, received from proceeds from issuance of common stock. For the period from April 10, 2013(Date of Inception) to July 31, 2013, net cash provided by financing activities was \$9,306 received from proceeds from issuance of common stock and from proceeds from related party.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next six months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) acquisition of inventory; (ii) developmental expenses associated with a start-up business; and (iii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

MATERIAL COMMITMENTS

As of the date of this Annual Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

We do not intend to purchase any significant equipment during the next twelve months.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our July 31, 2014 and July 31, 2013 financial statements contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and
Stockholders of Danlax Corp

We have audited the accompanying balance sheets of Danlax Corp as of July 31, 2014 and 2013, and the related statements of operation, stockholders' equity, and cash flows for the year ended July 31, 2014 and for the period April 10, 2013 (Date of Inception) to July 31, 2013. Danlax Corp management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Danlax Corp as of July 31, 2014 and 2013, and the results of its operations and its cash flows for the year ended July 31, 2014 and the period April 10, 2013 (Date of Inception) to July 31, 2013 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, The Company is in the development stage, has not earned significant revenue, has suffered net losses and has had negative cash flows from operating activities for the period April 10, 2013 (Date of Inception) to July 31, 2014. These matters raise substantial doubt about the Company's ability to continue as a going concern. Management's plans concerning these matters are also described in Note 2. The financial statements do not include any adjustments to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

DANLAX, CORP.
NOTES TO THE FINANCIAL STATEMENTS
JULY 31, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Description of Business

DANLAX, CORP. (“the Company”) was incorporated under the laws of the State of Nevada, U.S. on April 10, 2013. The Company is a start-up company. Since inception through JULY 31, 2014 the Company has not generated any revenue and has accumulated losses of \$27,185. Company is in the business of mobile games development.

Cash and Cash Equivalents

The Company considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents to the extent the funds are not being held for investment purposes.

The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At JULY 31, 2014 the Company's bank deposits did not exceed the insured amounts.

Basic Income (Loss) Per Share

The Company computes loss per share in accordance with “ASC-260”, “Earnings per Share” which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive.

Dividends

The Company has not adopted any policy regarding payment of dividends. No dividends have been paid during any of the periods shown.

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Advertising Costs

The Company's policy regarding advertising is to expense advertising when incurred. The Company incurred advertising expense of \$0 during the period ended JULY 31, 2014.

Accounting Basis

The Company uses the accrual basis of accounting and accounting principles generally accepted in the United States of America (“GAAP” accounting). The Company has adopted July 31 fiscal year end.

Impairment of Long-Lived Assets

The Company continually monitors events and changes in circumstances that could indicate carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Recent accounting pronouncements

On June 10, 2014, the Financial Accounting Standards Board ("FASB") issued update ASU 2014-10, Development Stage Entities (Topic 915). Amongst other things, the amendments in this update removed the definition of development stage entity from Topic 915, thereby removing the distinction between development stage entities and other reporting entities from US GAAP. In addition, the amendments eliminate the requirements for development stage entities to (1) present inception-to-date information on the statements of income, cash flows and shareholders equity, (2) label the financial statements as those of a development stage entity; (3) disclose a description of the development stage activities in which the entity is engaged and (4) disclose in the first year in which the entity is no longer a development stage entity that in prior years it had been in the development stage. The amendments are effective for annual reporting periods beginning after December 31, 2014 and interim reporting periods beginning after December 15, 2015, however entities are permitted to early adopt for any annual or interim reporting period for which the financial statements have yet to be issued. The Company has elected to early adopt these amendments and accordingly have not labeled the financial statements as those of a development stage entity and have not presented inception-to-date information on the respective financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Stock-Based Compensation

As of JULY 31, 2014 the Company has not issued any stock-based payments to its employees. Stock-based compensation is accounted for at fair value in accordance with SFAS No. 123 and 123(R) (ASC 718). To date, the Company has not adopted a stock option plan and has not granted any stock options.

Revenue Recognition

The Company will recognize revenue when products are fully delivered or services have been provided and collection is reasonably assured.

NOTE 2 – GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principle, which contemplate continuation of the Company as a going concern. However, the Company had no revenues as of July 31, 2014.

The Company currently has limited working capital, and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 5 – INCOME TAXES

As of July 31, 2014, the Company had net operating loss carry forwards of approximately \$27,185 that may be available to reduce future years' taxable income in varying amounts through 2033. Future tax benefits which may arise as a result of these losses have not been recognized in these financial statements, as their realization is determined not likely to occur and accordingly, the Company has recorded a valuation allowance for the deferred tax asset relating to these tax loss carry-forwards.

ITEM 9A(T). CONTROLS AND PROCEDURES

Management’s Report on Disclosure Controls and Procedures

Our management is responsible for establishing and maintaining a system of disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that is designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer’s management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

An evaluation was conducted under the supervision and with the participation of our management of the effectiveness of the design and operation of our disclosure controls and procedures as of July 31, 2014. Based on that evaluation, our management concluded that our disclosure controls and procedures were effective as of such date to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.
